

Westpac Materials

To Whom It May Concern:

Subject: Certification of Westpac Drywall Finishing Products

This letter will certify that materials of our manufacture will meet, or exceed, the following specifications and can be applied over virtually any brand of gypsum drywall panels:

<u>PRODUCT</u>	<u>ASTM SPECIFICATION</u>
Joint Compounds	C-474& C-475
Joint Tape	C-474 & C-475
Fast Sets	C-474 & C-475
Prep Coat	C-840
Smooth Coat	C-840
Level Wall 5	C-840

Ceiling and wall texture materials are not subject to ASTM Standards. These products, however, have been successfully specified and applied on numerous projects over virtually all gypsum panels and have met all application and job standards.

All products of Westpac's manufacture are of United States origin.

For further information, please find enclosed a letter regarding the two major agencies responsible for the basic material standards and specifications.

Please be advised that no materials of our manufacture contain any intentionally added asbestos.

If you require any further information, please feel free to contact your local sales representative or our office.
